Quick Reference Card: phase out TLS 1.2 - EDSN

Planning

- 15 May 2024
ALV MFF approves phase out plan TLS 1.2.
- 28 May 2024
MFFBAS: Online information session phase out TLS 1.2.
- 15 May 2024 t/m 14 June 2024
Market parties receive targeted communication concerning the phase out of TLS 1.2. Increased monitoring
- 17 June 2024
Phase out TLS 1.2 on all systems.
- From 17 June 2024 onwards
Support and aftercare

Systems in scope

1. Axway API Gateway
2. C-AR (incoming)
3. C-AR (outgoing)
4. C-ARM
5. Data delen platform
6. EAN-codeboek
7. Gopacs (incoming)
8. Nexus (outgoing)
9. Portaal CTS
10. TMR (uitgaand)
11. CSS
12. Gopacs (outgoing)
13. Nexus (incoming)
14. TMR (incoming)

Service & Support

Contact the servicedesk

- ❑ Email: ServiceDesk@EDSN.nl – subject: TLS 1.2 <name application>
- ❑ Phone: +31 33 – 422 46 20

Waarover contact opnemen?

- ❑ Inability to implement TLS 1.3 for one or more applications.
- ❑ Loss of markt communication after June 17th 2024.
- ❑ Technical questions regarding TLS 1.2 of 1.3.

Phase out plan TLS 1.2
[EDSN - Uitfaseringsplan TLS 1.2 v1.0.pdf](#) (in Dutch only)

Quick Reference Card: phase out TLS 1.2 - TenneT

Planning

- 7 May 2024
Mailing to all market parties concerning the transfer to TLS 1.3 and the phase out of TLS 1.2.
- 15 May 2024
ALV MFF approves phase out plan TLS 1.2.
- 15 mei 2024 t/m 15 september 2024
Transitional phase market parties concerning phase out TLS 1.2, incl. targeted communication by TenneT focused on transition to TLS 1.3.
- 28 May 2024
MFFBAS: Online information session phase out TLS 1.2.
- Vanaf 1 juni 2024
Phase out TLS 1.2 on systems with a low impact on market processes.
- From 15 September 2024 onwards
Phase out TLS 1.2 on systems that highly impact the market processes, if needed extra measures for laggard market parties

Systems in scope

Low impact on market processes

- MyTenneT
- Test- and Qualification Facility (TQF)

High impact on market processes

- TenneT API GW
- Crowd Balancing Platform (CBP)
- Centraal Postbus Systeem (CPS)
- Market-2-Market Communication HUB (MMC-hub)
- mFRRda web services

Service & Support

Report succesful transition to TLS 1.3
All market parties are expected to report a succesful transition to TLS 1.3 via: allocatie2@tennet.eu subject TLS on <name application>

Please consult first:
MyTenneT/Onboarding & IT app and FAQ

After consulting still a question?
E-mail: allocatie2@tennet.eu subject TLS <name application>
